

Deliverables

Charlie Coleman
Amy Guo
Heli Wang

We plan on completing our project as described in the initial description. We plan on delivering:

- Autonomous Robot for finding and placing labeled cubes
- The play field for the Autonomous Robot (as described in competition rules)
- A mothership for the cube goals (as described in competition rules)
- Cubes for the robot to move (as described in competition rules)
- Obstacles to be placed on the competition board (as described in competition rules)
